# Come Back Better with CLEAR's Digital Vaccine Card

**CLEAR's secure identity platform is transforming the way people live, work, and travel**

We make it safe and easy to create a digital vaccine card that your employees, attendees, or customers can keep on their phone and use to access your business. Forget flimsy paper vaccine cards, with CLEAR, people can use their unique physical characteristics, such as their face and eyes, to move faster and safer through airports, stadiums, and beyond. (including the Langston Bar 2022 Gala)

## How CLEAR's Digital Vaccine Card Works:

Creating a digital vaccine card is secure and takes just minutes.

Download the free CLEAR app and tap on the blue "digital vaccine card" tile.

Create an account by uploading a government-issued ID and snapping a quick selfie to confirm you are you.

Select how you'd like to connect your vaccine information: linking to a lab, uploading a CDC card, etc.

Once your info has synced, you've successfully created a digital vaccine card.

CLEAR®

HEALTH PASS™+

## WHAT IS HEALTH PASS BY CLEAR?

CLEAR Health Pass is a free feature in the CLEAR app that provides an easy way to complete health screenings for a safer, easier return to what you love. After a quick one-time enrollment, you'll follow instructions to comply with health requirements for the venue which could include uploading a proof of vaccination, linking a negative COVID-19 test, or filling out a health survey depending on the venue.

Once you have a free CLEAR account, not only will you be able to use Health Pass but you'll also have access to CLEAR Sports for faster, seamless entry to stadiums nationwide using the CLEAR app to move through designated CLEAR Lanes.

## HOW TO USE HEALTH PASS

1. Download the free CLEAR app and select Create Your Health Pass.
2. Enter your unique Health Pass code. (All Registered Langston Gala Guests Will Receive Code Prior to Gala.)
3. New members will be guided through enrollment steps and existing members can use the email associated with their CLEAR membership.
4. Complete your Entry Requirements by adding your vaccination record, linking to test results, and/or completing a health survey.
5. Verify your identity by taking a selfie.
6. Show your Health Pass at the event. Green means you're good to go!

## WHAT DOES IT MEAN TO GET A RED OR GREEN PASS?

Green means you're good to go. Red means you are not cleared for entry. These statuses are determined by your survey responses, lab results, or other information required. Please refer to your organization's policy for what to do with a green or red Health Pass.

## Privacy & Security

### HOW IS THE INFORMATION I PROVIDE HEALTH PASS USED?

Your vaccination details or lab results are not provided to your employer and are only utilized to generate a red or green Health Status for screening purposes. What will be shared with your employer on a daily basis is your name, Health Pass result (Red or Green), and the time your pass was completed. The use of your data is governed by CLEAR's Member Terms and Privacy Policy and you can learn more [here](#).

### HOW DOES CLEAR PROTECT MY PERSONAL DATA?

Privacy is at the center of everything we do at CLEAR and we are fully committed to protecting our members' information. We never sell or rent personal information. Personal information is only used to deliver a frictionless and secure experience with CLEAR. You can read more details about this in our Privacy Policy which can be reviewed [HERE](#)

### DOES CLEAR SELL MY INFORMATION?

CLEAR takes its commitment to privacy and security very seriously. CLEAR never rents or sells your personal information and treats your information in accordance with CLEAR's Privacy Policy which can be viewed [here](#).

### WHAT DOES IT MEAN TO BE SAFETY ACT CERTIFIED?

The SAFETY Act is a piece of legislation enacted to encourage companies to create innovative technologies to mitigate security risks.

CLEAR is certified by the Department of Homeland Security as a "Qualified Anti-Terrorism Technology" under the SAFETY Act. This certification affirms the rigor and integrity of CLEAR's systems and processes and demonstrates that we meet the evaluation criteria of the DHS Science and Technology Directorate for effective protection of safety and security.
